

Water and Wastewater Focus

Participants

The following leading organizations along with EPA will participate in a new initiative to increase the energy efficiency of U.S. drinking water and wastewater systems. The new ENERGY STAR Industrial Water and Wastewater Focus will work over the next year to develop an energy performance rating system, a guide to assessing energy efficiency opportunities, strategies for superior energy management, and innovative approaches to financing energy efficiency projects for each of the two industries.

American Council for An Energy Efficient Economy (ACEEE)
Association of Metropolitan Water Agencies (AMWA)
Alliance to Save Energy (ASE)
Awwa Research Foundation AwwaRF)
California Energy Commission (CEC)
Consortium for Energy Efficiency (CEE)
Columbus (GA) Water Works
Electric Power Research Institute (EPRI)
Lawrence Berkeley National Laboratory (LBNL)
Los Angeles - Bureau of Sanitation
Metropolitan Council Environmental Services
National Association of Clean Water Agencies (NACWA)
National Association of Regulatory Utility Commissioners (NARUC)
National Association of Water Companies (NAWC)
New York State Energy Research and Development Authority (NYSERDA)
Oakridge National Laboratory (ORNL)
Public Technology Institute (PTI)
Water Environment Federation (WEF)
Wisconsin Focus on Energy
Washington Suburban Sanitary Commission (WSSC)
WaterReuse Association.
